

Foteini Chouliara | MD, MSc

Gynaecologist with reproductive medicine interests

BIOGRAPHY

Foteini Chouliara is an Obstetrician and Gynaecologist with a special interest in Reproductive Gynaecology.

She was awarded the Bachelor of Medicine and Bachelor of Surgery degree (M.B.,Ch.B) by the University of Glasgow School of Medicine in 2005. After completing Foundation Year 1 post graduate training she started her residency in surgery following by the residency in Obstetrics & Gynaecology at Hippokration Hospital of Aristotle University of Thessaloniki/ Greece.

From 2017 she is working as qualified Obstetric & Gynaecology Consultant. She received her Master in Science (MSc) Degree in “Human reproduction” from Democritus University of Thrace in 2019 and is a Research Fellow of Aristotle University of Thessaloniki carrying out research work on the role of particular biomarkers in the pre-surgical assessment of ovarian tumors as part of her Doctorate degree. Foteini is deeply committed in the supervision of our International Patient Department.

Foteini joined Assisting Nature in 2018.
